

# 2006 HELLA INTERNATIONAL RALLY OF ROTORUA

## QUOTE SHEET, LEG 1, SERVICE B

1 Cody Crocker-Ben Atkinson

It was very good. I am very happy. The tyres are good. The grip on the road is good despite the wet although there's the odd slippery patch that you need to take care with.

2 Eli Evans-Matt McAdam

Retired

3. Hiroshi Yanagisawa-Tadashi Misaizu

Retired

4. Rifat Sungkar-Herkusuna Mohamad

The tyres are not working. The brakes are locking up and we are struggling. The engine is okay. We lost more time and we are slow and Mark was chasing us.

5. Brian Green – Fleur Pedersen

It was very slippery and the windows were fogging up. The car is good and the engine is strong. The young guys are very fast.

6. Dermott Malley - Linzi Malley

I am still driving blind which is tough. It was a better two stages for us. The car is fine.

7. Fan Fan – Jun Wei Fang

I am happy. I hit a bank but overall it is good.

8. Subhan Aksa – Hade Mboi

It is fast and fun. Overall we have done well. I am very happy. There were a few noises when I went through the water puddles but no problems.

9. Mark Tapper – Jeff Cress

We smoked them. We have run out of tyres for the rally already. I'll have to leave that for the service crew to worry about.

10. Chris West – Garry Cowan

We got things together in Whakarau but then mucked it up with a spin in Rakaroa. I got jammed between a fence and a bank and just about ripped the bumper off getting it out.

11. Richard Mason – Sara Randall

The tyres are a bit stuffed. Crocker did a really good time in there. I have some turbo issues and lost some power in there. Don't know what the cause is.

12. Sam Murray-Rob Ryan

No more punctures. I had no idea what caused them. I had to borrow a front left arm and the car needs an alignment because of the changeover – we did not have time this morning. We had a spin in Rakaroa that forced us to stop.

14. Todd Bawden – Damon McLachlan

That was better. But 10km in Whakarau I realized the centre diff was not on full lock – but when I turned it on the car was sores. So I have knocked it back and it was better. May knock it back more.

15. Jean-Louis Leyraud – Rob Scott

We have had a good run but I hit a bank on the second last corner after a spin and now the wheels are pointing in different directions and the car is crabbing.

17. Glenn Smith-Colin Smith

That felt much better but we took it too cautious. It is still very slippery. The car is fine but I don't think my times are going to get any better.

18 Dean Sumner – Paul Fallon

Retired. The engine has cooked itself. It's very heart-breaking especially in the rally in my hometown.

19. Brett Martin – Raymond Bennett

That was much better. The tyres are not much now and we are on second hand ones. The engine is fine. The windows fogged and I spun and hit a rock.

23. Lee-Anne Barns – Erin Kyle

It was better and the demister is now working.
